INDEX OF SUBJECTS

PAGE

ADENOHYPOPHYSES of pregnant and parturient women, effect of fluorescent antisera to human growth hormone and human placental lactogen on . 97
AFRICAN, jejunal morphology in, in Uganda 157
AGRANULOCYTOSIS produced in rats with Methotrexate or antipolymorph sera, effect on acute inflammatory reaction 53
ANAPHYLAXIS in calves, gastro-intestinal lesions in 61
ANEURYSM, dissecting, of pulmonary artery 25
ANKLE JOINTS of rhesus monkeys, experimental pigmented villonodular synovitis in 137
ANTIBODY-antigen complexes, production of granulomata by 31
ANTIGEN-antibody complexes, production of granulomata by 31
ANTIGLOBULIN concentrates, lack of specificity of some commercial examples . 1
sera, preparation, and use in indirect immunofluorescence technique . 17
ANTISERA to human growth hormone and human placental lactogen, tests with on adenohypophyses of pregnant and parturient women 97
AORTA, intimal hyperplasia in infant with hypertension 205
AORTIC BODY tumours in a Boxer dog . 283
ARTERY(IES), pulmonary, dissecting aneurysm 25
renal, intimal hyperplasia in infant with hypertension 205

BILE, sheep, excretion of heliotrine in . 115
BLASTOMA, pulmonary, with diverse metastases 81
BONE, avian, stained by v. Kóssa technique, electron-microprobe analysis of sites of silver deposition . . . 105
BOVINE serum plus horse tetanus antitoxin injected into neonatal rabbits induces tolerance to these antigens, fleeting tolerance to bovine tetanus antitoxin, none to sheep antitoxin . . . 171
BRADYKININ, effects on rat mesenteric blood vessels 265
BRAIN, metastases of leiomyosarcoma . 294
BREAST, leiomyoma 89

CALCIUM deposition in avian bone, demonstration by v. Kóssa technique. . 105
CALF(CALVES), anaphylaxis with gastro-intestinal lesions in 61

PAGE

CATTLE, tumours of connective tissues in . 253
CERVIX UTERI, sebaceous glands of . . 87
CYST of lower limb, ciliated epithelium in. 289

DEMENTIA as symptom of microgliomatosis 143
1,4-DIHYDRO-3,5-DICARBETHOXYCOLLIDINE, porphyrinogenic agent, changes in livers of mice treated with . . 151
DOG, Boxer, aortic body tumours in . 283

ELECTRON-MICROPROBE ANALYSIS of sites of silver deposition in avian bone stained by the v. Kóssa technique . . 105
ELECTRON-MICROSCOPE STUDY of changes in livers of mice treated with 1,4-dihydro-3,5-dicarbethoxycollidine . 151
of the relations between mast cells and eosinophil leucocytes . . 183
of vascular response to incisional and crushing injury of skeletal muscle in the rat 41
ENTERITIS and erosive stomatitis in West-African dwarf goats, pathology. . 83
EPITHELIUM, ciliated, in a cyst of the lower limb 289

GAMMA-GLOBULIN, simple methods of producing 17
GASTRO-INTESTINAL TRACT lesions in anaphylaxis in calves . . . 61
GENTAMICIN, ototoxicity of . . . 129
GLANDS, tracheobronchial, histochemical type of acidic glycoprotein produced by mucous cells of 213
GLYCOPROTEIN, acidic, histochemical types produced by mucous cells of tracheobronchial glands in man . . . 213
GOATS, West-African dwarf, erosive stomatitis and enteritis in. . . 83
GRANULOMATA, production by antigen-antibody complexes. . . . 31
GROWTH HORMONE, human, effect of fluorescent antisera against on adenohypophyses of pregnant and parturient women 97
GUINEA-PIGS, early lesion of experimental allergic orchitis in 277

HEART, metastases of leiomyosarcoma . 294
HELIOTRINE excretion in bile and urine of sheep 115
HISTAMINE, effects on rat mesenteric blood vessels 265

PAGE

HISTOCHEMISTRY of intrafollicular and arterial hyalinosis of spleen . . 193
HODGKIN'S DISEASE, follow-up of patients surviving more than 20 years after original diagnosis 231
HORSE tetanus antitoxin plus bovine serum injected into neonatal rabbits induces tolerance to both antigens, fleeting tolerance to bovine tetanus antitoxin, none to sheep antitoxin . . . 171
HYALINOSIS of spleen, intrafollicular and arterial, histochemical and immunofluorescence studies . . . 193
5-HYDROXYTRYPTAMINE, effects on rat mesenteric blood vessels . . . 265
HYPERPLASIA, intimal, in aorta and renal vessels in infant with hypertension . 205
HYPERTENSION, intimal hyperplasia of aorta and renal vessels in infant with. . 205
HYPOPITUITARISM as symptom of microgliomatosis 143

IMMUNOFLUORESCENCE studies of intrafollicular and arterial hyalinosis of spleen 193
studies with antisera to human growth hormone and human placental antigen on adenohypophyses of pregnant and parturient women 97
tests, indirect, lack of specificity of some commercial antiglobulin concentrates used in 1
tests, indirect, preparation of antiglobulin sera for 17
INFANTS AND CHILDREN, intimal hyperplasia of aorta and renal vessels in infant with hypertension 205
malignant teratoma of lung in infant . 111
teratomata in 241
INFLAMMATION, acute, in agranulocytic rats, role of polymorphonuclear leucocytes 53
acute, vascular response to incisional and crushing injury of skeletal muscle in the rat 41
INJURY to skeletal muscle, incisional or crushing, in rat, vascular response to 41
INTESTINE, jejunum, morphology in African in Uganda 157
small, villus architecture in the tropics . 146

KNEE JOINTS of rhesus monkeys, experimental pigmented villonodular synovitis in 137

LACTOGEN, human placental, effect of fluorescent antisera against on adenohypophyses of pregnant and parturient women 97

PAGE

LEIOMYOSARCOMA, metastatic in brain and heart 294
LEUCOCYTES, eosinophil, relations with mast cells 183
neutrophil polymorphonuclear, role in acute inflammation in agranulocytic rats 53
LIVER lesions, differing, caused by same total dose of ultrasound . . . 291
LUNG, dissecting aneurysm of pulmonary artery 25
malignant teratoma in infant . . 111
pulmonary blastoma with diverse metastases 81
LYMPHADENOMA, follow-up of patients surviving more than 20 years after original diagnosis 231

MAST CELLS and eosinophil leucocytes, relations 183
METASTASES, diverse, from pulmonary blastoma 81
of leiomyosarcoma in brain and heart . 294
METHODS OF EXAMINATION of cochlea for hair-cell damage 129
METHODS, HISTOLOGICAL, v. Kóssa technique for avian bone, silver deposition parallels calcium deposition . . 105
MICROGLIOMATOSIS presenting with dementia and hypopituitarism . . . 143
METHOTREXATE produces almost complete and longer-lasting agranulocytosis in rats 53
MONKEY(S), rhesus (*Macaca mulatta*), experimental pigmented villonodular synovitis in 137
MOUSE(MICE), ageing, eosinophilic bodies in some neurones of thalamus of . 201
treated with 1,4-dihydro-3,5-dicarbethoxycollidine, changes in liver in . 151
MOUTH, sebaceous glands of buccal mucosa 87
MUCOUS CELLS of tracheobronchial glands, histochemical types of acidic glycoproteins produced by 213
MUSCLE, skeletal, vascular response to incisional and crushing injury in rat . 41

NEURONES in thalamus of ageing mice, eosinophilic bodies in 201

ODONTOME, cystic (so-called adeno-ameloblastoma) 75
ORCHITIS, experimental allergic, in guinea-pigs 277
OTOTOXICITY of gentamicin . . . 129

PIG(S), tumours of connective tissues in . 253

PAGE

PORPHYRIN deposition in livers of mice treated with 1,4-dihydro-3,5-dicarbethoxycollidine 151
PREGNANCY, pregnant and parturient women, effect of antisera against human growth hormone and human placental lactogen on adenohypophyses of 97
PROCEEDINGS OF THE SOCIETY 209
PYRROLIZIDINE ALKALOIDS, excretion of heliotrine in bile and urine of sheep . 115

RABBITS given injections of mixture of horse tetanus antitoxin and bovine serum neonatally later tolerant to these antigens; show only fleeting tolerance to bovine tetanus antitoxin, none to sheep tetanus antitoxin 171
RAT(S), agranulocytic, role of polymorphonuclear leucocytes in acute inflammation in 53
liver, differing lesions caused by same total dose of ultrasound . . . 291
vascular response to incisional and crushing injury of skeletal muscle in . 41
REVIEWS OF BOOKS—
Liver biopsy interpretation (Peter J. Scheuer) 91
Prognostic factors in breast cancer (ed. by A. P. M. Forrest and P. B. Kunkler) 91
Thyroid neoplasia (ed. by Stretton Young and D. R. Inman) . . 92
Progress in experimental tumor research, Vol. 10 (ed. by F. Homburger) . 93
Progress in experimental tumor research, Vol. 11, International Symposium on Carcinogenesis and carcinogen testing (ed. by F. Homburger) 94
The ovary (compiled and ed. by Harold C. Mack) 95
Foetal and neonatal hypoxia in relation to clinical obstetric practice (Erich Saling) 155
Histochemistry, theoretical and applied, 3rd ed., Vol. 1 (A. G. Everson Pearse) 155
Bray's Clinical laboratory methods, 7th ed. (revised by John D. Bauer, Philip G. Ackermann and Gelson Toro) 156

SEBACEOUS GLANDS of buccal mucosa and cervix uteri 87
SERUM(SERA), antiglobulin, lack of specificity in some commercial examples . 1
antiglobulin, simple methods of preparing 17
SERUM(SERA), anti-polymorph, do not produce consistent or complete agranulocytosis in rats 53
SHEEP, excretion of heliotrine in bile and urine of 115
tumours of connective tissues in . . 253
SILVER, sites of deposition in avian bone stained by the v. Kóssa technique, electron-microprobe analysis . . 105
SPECIFICITY of antiglobulin sera for indirect immunofluorescence tests. . . . 17
lack of in some commercial antiglobulin concentrates 1
SPLEEN, intrafollicular and arterial hyalinosis 193
STOMATITIS, erosive, and enteritis in West-African dwarf goats, pathology . 83
SYNOVITIS, experimental pigmented villonodular, in knee and ankle joints of rhesus monkeys 137

TENDOVAGINITIS, stenosing, histopathology 187
TERATOMA(TA) in infancy and childhood . 241
of lung, malignant, in infant . . 111
TESTIS, experimental allergic orchitis in guinea-pigs 277
THALAMUS of ageing mice, eosinophilic bodies in some neurones of . . 201
TOLERANCE, immunological, to horse tetanus antitoxin and bovine serum in rabbits given six injections of mixture of these neonatally; less tolerance of bovine tetanus antitoxin, none of sheep tetanus antitoxin . . . 171
TROPICS, small-intestinal villus architecture in 146
TUMOURS, ANIMAL, aortic body tumours in a Boxer dog 283
connective-tissue tumours in cattle, sheep and pigs 253
TUMOURS, HUMAN, blastoma of lung with diverse metastases 81
cystic odontome (so-called adeno-ameloblastoma) 75
malignant teratoma of lung . . 111
metastatic leiomyosarcoma in brain and heart 294
teratomata in infancy and childhood . 241

UGANDA, jejunal morphology in African in 157
ULTRASOUND, differing liver lesions caused by same total dose of 291
URINE, sheep, excretion of heliotrine in . 115

VILLUS, small-intestinal, architecture in tropics 146

INDEX OF AUTHORS

PAGE

ADACHI, M., WELLMANN, K. F., and GARCIA, R., metastatic leiomyosarcoma in brain and heart . . 294
ANDERSON, LINDSAY J., and SANDISON, A. T., tumours of connective tissues in cattle, sheep and pigs . . . 253

BAGNELL, HEATHER, COOPER, J. H., and HAQ, B. M., intrafollicular hyalinosis and arterial hyalinosis of the spleen: histochemical and immunofluorescence studies 193
BAKER, S. J., CHACKO, C. J. G., PAULSON, K. A., and MATHAN, V. I., the villus architecture of the small intestine in the tropics: a necropsy study . . 146
BECK, J. S., and HAUGEN, O. A., immunofluorescence studies with antisera to human growth hormone and human placental lactogen on adenohypophyses of pregnant and parturient women . 97
BERRY, C. L., KEELING, JEAN, and HILTON, CLARE, teratomata in infancy and childhood: a review of 91 cases . 241
BESWICK, T. S. L., and MOSTRATOS, ANN, comparison of some simple methods of preparing γ-globulin and anti-globulin sera for use in the indirect immunofluorescence technique . . . 17
BESWICK, T. S. L., and MOSTRATOS, ANN, lack of specificity of some commercial antiglobulin conjugates in indirect immunofluorescence tests . . 1
BINGLEY, J. B., JAGO, MARJORIE V., LANIGAN, G. W., PIERCY, D. W. T., WHITTEM, J. H., and TITCHEN, D. A., excretion of the pyrrolizidine alkaloid heliotrine in the urine and bile of sheep 115
BROWN, PATRICIA C., and GLYNN, L. E., the early lesion of experimental allergic orchitis in guinea-pigs: an immunological correlation . . . 277

CHACKO, C. J. G., PAULSON, K. A., MATHAN, V. I., and BAKER, S. J., the villus architecture of the small intestine in the tropics: a necropsy study . 146
CHAKRAVARTI, R. N., SINGH, R., and GREWAL, D. S., experimental production of pigmented villonodular synovitis in the knee and ankle joints of rhesus monkeys 137
CHEN, B. T. M., SHILKIN, K. B., and LOW, L. P., dissecting aneurysm of the pulmonary artery 25
CLARK, J. V., ciliated epithelium in a cyst of the lower limb 289
COCHRAN, A. J., and WATSON, A. A., sebaceous glands of the cervix uteri and buccal mucosa 87
CONNOLLY, C. C., and TAYLOR, K. J. W., differing hepatic lesions caused by the same dose of ultrasound. . . 291
COOK, G. C., KAJUBI, S. K., and LEE, F. D., jejunal morphology of the African in Uganda 157
COOPER, J. H., HAQ, B. M., and BAGNELL, HEATHER, intrafollicular hyalinosis and arterial hyalinosis of the spleen: histochemical and immunofluorescence studies 193

DUCHEN, L. W., and TREIP, C. S., microgliomatosis presenting with dementia and hypopituitarism . . . 143

EDWARDS, BEVERLEY, and HURLEY, J. V., acute inflammation: a combined light- and electron-microscope study of the vascular response to incisional and crushing injury of skeletal muscle in the rat 41
EMERY, J. L., and FORMBY, D., intimal hyperplasia of the aorta and renal vessels in an infant with hypertension 205

DEL FAVERO, A., WATERFIELD, M. D., and PALFREY, A. J., electron-microscopic changes in the livers of mice treated with the porphyrinogenic agent 1,4-dihydro-3,5-dicarbethoxycollidine . 151
FORMBY, D., and EMERY, J. L., intimal hyperplasia of the aorta and renal vessels in an infant with hypertension 205
FRASER, H., eosinophilic bodies in some neurones in the thalamus of ageing mice 201

GARCIA, R., ADACHI, M. and WELLMANN, K. F., metastatic leiomyosarcoma in brain and heart 294
GARDNER, D. L., and HALL, T. A., electron-microprobe analysis of sites of silver deposition in avian bone stained by the v. Kóssa technique 105

PAGE

GIROUD, J. P., and WILLOUGHBY, D. A., the role of polymorphonuclear leucocytes in acute inflammation in agranulocytic rats 53

GLYNN, L. E., and BROWN, PATRICIA C., the early lesion of experimental allergic orchitis in guinea-pigs: an immunological correlation 277

GOWLAND, G., and OAKLEY, C. L., acquired immunological tolerance of heterologous tetanus antiserum in the rabbit . 171

GREWAL, D. S., SINGH, R., and CHAKRAVARTI, R. N., experimental production of pigmented villonodular synovitis in the knee and ankle joints of rhesus monkeys 137

HALL, T. A., and GARDNER, D. L., electron-microprobe analysis of sites of silver deposition in avian bone stained by the v. Kóssa technique 105

HAQ, B. M., COOPER, J. H., and BAGNELL, HEATHER, intrafollicular hyalinosis and arterial hyalinosis of the spleen: histochemical and immunofluorescence studies 193

HAUGEN, O. A., and BECK, J. S., immunofluorescence studies with antisera to human growth hormone and human placental lactogen on adenohypophyses of pregnant and parturient women 97

HEESOM, NICOLETTE, and SPECTOR, W. G., the production of granulomata by antigen-antibody complexes . . 31

HILL, D. H., ROWLAND, A. C., and SCOTT, G. R., the pathology of an erosive stomatitis and enteritis in West-African dwarf goats 83

HILTON, CLARE, BERRY, C. L., and KEELING, JEAN, teratomata in infancy and childhood: a review of 91 cases . 241

HURLEY, J. V., and EDWARDS, BEVERLEY, acute inflammation: a combined light- and electron-microscope study of the vascular response to incisional and crushing injury of skeletal muscle in the rat 41

JAGO, MARJORIE V., LANIGAN, G. W., BINGLEY, J. B., PIERCY, D. W. T., WHITTEM, J. H., and TITCHEN, D. A., excretion of the pyrrolizidine alkaloid heliotrine in the urine and bile of sheep 115

KAJUBI, S. K., COOK, G. C., and LEE, F. D., jejunal morphology of the African in Uganda 157

PAGE

KEELING, JEAN, BERRY, C. L., and HILTON, CLARE, teratomata in infancy and childhood: a review of 91 cases . 241

LAMB, D., and REID, LYNNE, histochemical types of acidic glycoprotein produced by mucous cells of the tracheobronchial glands in man 213

LANIGAN, G. W., JAGO, MARJORIE V., BINGLEY, J. B., PIERCY, D. W. T., WHITTEM, J. H., and TITCHEN, D. A., excretion of the pyrrolizidine alkaloid heliotrine in the urine and bile of sheep 115

LEE, F. D., COOK, G. C., and KAJUBI, S. K., jejunal morphology of the African in Uganda 157

LIBCKE, J. H., leiomyoma of the breast . 89

LOW, L. P., SHILKIN, K. B., and CHEN, B. T. M., dissecting aneurysm of the pulmonary artery 25

MANN, PATRICIA R., an electron-microscope study of the relations between mast cells and eosinophil leucocytes . 183

MATHAN, V. I., CHACKO, C. J. G., PAULSON, K. A., and BAKER, S. J., the villus architecture of the small intestine in the tropics: a necropsy study . . 146

MAWDESLEY-THOMAS, L. E., and RICHARDS, M. A., aortic body tumours in a Boxer dog with a review of the literature . 283

MEACHIM, G., and ROBERTS, C., the histopathology of stenosing tendovaginitis 187

MILLER, W. A., cystic odontome or so-called adeno-ameloblastoma . . 75

MOSTRATOS, ANN, and BESWICK, T. S. L., comparison of some simple methods of preparing γ-globulin and anti-globulin sera for use in the indirect immunofluorescence technique . 17

MOSTRATOS, ANN, and BESWICK, T. S. L., lack of specificity of some commercial antiglobulin conjugates in indirect immunofluorescence tests . . 1

NORTHOVER, ANN M., and NORTHOVER, B. J., the effects of histamine, 5-hydroxytryptamine and bradykinin on rat mesenteric blood vessels . 265

NORTHOVER, B. J., and NORTHOVER, ANN M., the effects of histamine, 5-hydroxytryptamine and bradykinin on rat mesenteric blood vessels . 265

OAKLEY, C. L., and GOWLAND, G., acquired immunological tolerance of heterologous tetanus antiserum in the rabbit 171

PAGE

PALFREY, A. J., WATERFIELD, M. D., and DEL FAVERO, A., electron-microscopic changes in the livers of mice treated with the porphyrinogenic agent 1,4-dihydro-3,5-dicarbethoxycollidine . 151
PAULSON, K. A., CHACKO, C. J. G., MATHAN, V. I., and BAKER, S. J., the villus architecture of the small intestine in the tropics: a necropsy study . 146
PIERCY, D. W. T., JAGO, MARJORIE V., LANIGAN, G. W., BINGLEY, J. B., WHITTEM, J. H., and TITCHEN, D. A., excretion of the pyrrolizidine alkaloid heliotrine in the urine and bile of sheep 115
POUND, A. W., and WILLIS, R. A., a malignant teratoma of the lung in an infant 111

RAYCHAUDHURI, M., and WINSTANLEY, D. P., pulmonary blastoma with diverse metastases 81
REID, LYNNE, and LAMB, D., histochemical types of acidic glycoprotein produced by mucous cells of the tracheobronchial glands in man 213
RICHARDS, M. A., and MAWDESLEY-THOMAS, L. E., aortic body tumours in a Boxer dog with a review of the literature 283
ROBERTS, C., and MEACHIM, G., the histopathology of stenosing tendovaginitis 187
ROWLAND, A. C., SCOTT, G. R., and HILL, D. H., the pathology of an erosive stomatitis and enteritis in West-African dwarf goats 83

SANDISON, A. T., and ANDERSON, LINDSAY J., tumours of connective tissues in cattle, sheep and pigs 253
SCOTT, G. R., ROWLAND, A. C., and HILL, D. H., the pathology of an erosive stomatitis and enteritis in West-African dwarf goats 83
SHILKIN, K. B., LOW, L. P., and CHEN, B. T. M., dissecting aneurysm of the pulmonary artery 25
SINGH, R., GREWAL, D. S., and CHAKRAVARTI, R. N., experimental production of pigmented villonodular synovitis in the knee and ankle joints of rhesus monkeys 137
SMETANA, H. F., HODGKIN'S disease: a follow-up study of patients surviving more than twenty years after the original diagnosis 231
SPECTOR, W. G., and HEESOM, NICOLETTE, the production of granulomata by antigen-antibody complexes . . 31

TAYLOR, K. J. W., and CONNOLLY, C. C., differing hepatic lesions caused by the same dose of ultrasound . . 291
THOMLINSON, J. R., and WRAY, C., anaphylaxis in calves and the development of gastro-intestinal lesions . . 61
TITCHEN, D. A., JAGO, MARJORIE V., LANIGAN, G. W., BINGLEY, J. B., PIERCY, D. W. T., and WHITTEM, J. H., excretion of the pyrrolizidine alkaloid heliotrine in the urine and bile of sheep 115
TREIP, C. S., and DUCHEN, L. W., microgliomatosis presenting with dementia and hypopituitarism 143
